Reportable period ended 31 December 2016

Report to UK investor

The UK's Offshore Fund Regulations prevent UK resident investors from absorbing the accumulated income of certain non UK resident funds within the capital value of the shares in that fund. Under these rules, UK resident investors in offshore funds are subject to income tax, rather than capital gains tax, on any gain arising from the disposal of these shares, unless the reporting fund requirements are satisfied.

From 1 January 2013, Jyske Invest Danish Bonds CL ("the Company") became registered with the UK Tax Authority's Reporting Fund regime in respect of its shares.

In accordance with regulation 92 of the Offshore Funds Regulations 2009, this report sets out the information which is required to be presented to UK investors holding an interest in the above class of shares.

Investors are required to consult their tax advisers to determine how the information presented in this report should be treated when preparing their UK tax returns. A copy of this report has also been sent to HMRC in accordance with Regulation 106 of the Offshore Fund Regulations 2009.

The Company remains a Reporting Fund at the date the Company makes this report to investors available.
